Screening Analysis

QUESTION	ANALYSIS
Describe a Python project where you handled performance bottlenecks. What approach did you take?	[Weak] Candidate mentioned: python, profil but failed to elaborate further. Response was surface-level and lacked technical specificity.
How do you structure a FastAPI or Django REST project for scalability?	[Weak] Candidate mentioned: django but failed to elaborate further. Response was surface-level and lacked technical specificity.
You seem unfamiliar with 'i don't know'. How would you approach learning or resolving this in a real project?	[Weak] Candidate flagged a knowledge gap in this area. Response did not contain enough context to assess resolution skills.

Detailed Feedback

AREAS FOR IMPROVEMENT

- Weak in Python (2.0/10 — Poor).
- Weak in Django/Flask (2.0/10 — Poor).
- Weak in FastAPI (2.0/10 — Poor).
- Weak in SQL (2.0/10 — Poor).
- Weak in APIs (2.0/10 — Poor).
- Extremely high hesitation count (57) reduces clarity.
- Candidate verbally admitted uncertainty on key technical concepts.
- Below-average coding assessment score (0.0/100).

CONCLUSION

Shubham Gupta does not meet the benchmarks. Rejected.

NOT FIT

HIRING CONFIDENCE

28%

RISK LEVEL: **HIGH**

Evaluation Rationale: Candidate scored 2.8/10 — evaluated as not fit due to failing minimum thresholds. Key deficiencies: Weak verbal fluency.; Low coding score..

- Weak verbal fluency.
- Low coding score.
